Sir:

In response to the Final Office Action mailed 7/01/2002, please amend the
application as follows:

IN THE CLAIMS:

Please enter the following amended claim. A marked-up version of the amended
claims showing the changes is appended to the end of this document:

- 1 Subcl
- 2 4. A computer program product forming an extension of a scripting language
- 3 platform that extends a set of widgets used in a graphical script language platform interface to
- 4 include web browser plug-in applications designed to extend the functionality of web browser
- 5 programs, where an extension command is added to the scripting language and with an extension
- 6 command syntax including a source locator parameter, with the computer program product
- 7 comprising:
- 8 a computer-readable storage medium for storing plug-in-interface extension
- 9 program code for extending the functionality of a script interpreter platform by employing web-
- 10 browser plug-in applications as widget components within the graphical script language platform
- interface, said plug-in-interface extension program code comprising:
